

Welcome back!

We just wanted to let you know about all the fun things we've been up to over the last half term, and tell you about the exciting things we have coming up!

This half term, our team has worked with lots of Leeds schools, facilitating over 50 events and activities including:

- Careers Fairs
- Transition Talks
- Curriculum Experience Sessions
- Parents' Evenings
- Taster Days
- Assemblies

What's coming up next?

GCSE results day!

On GCSE results day, our team can come and visit your school to be there to support your students. They can offer support and advice to any students thinking about coming to Leeds City College and answer any questions they may have. If you would like more information on this please contact your school liaison officer or the team at transitionteam@leedscitycollege.ac.uk!

Holiday Campus Tours

We have started to run campus tours during school holidays so students can come and have a look at our campuses and the facilities we have on offer. Parents and carers are also welcome.

Transition Talks

Have your year 11 students applied for a course at college but are nervous about starting? Our transition talks are a great way to build students' confidence, eliminate any myths, and help them

prepare for life at college. Book a session now.

Sports Taster Day

On 1 May, we are hosting a sports taster day where Year 10 and 11 students will be able to find out what life as a Sports Science & Exercise student is like by taking part in a sports taster session.

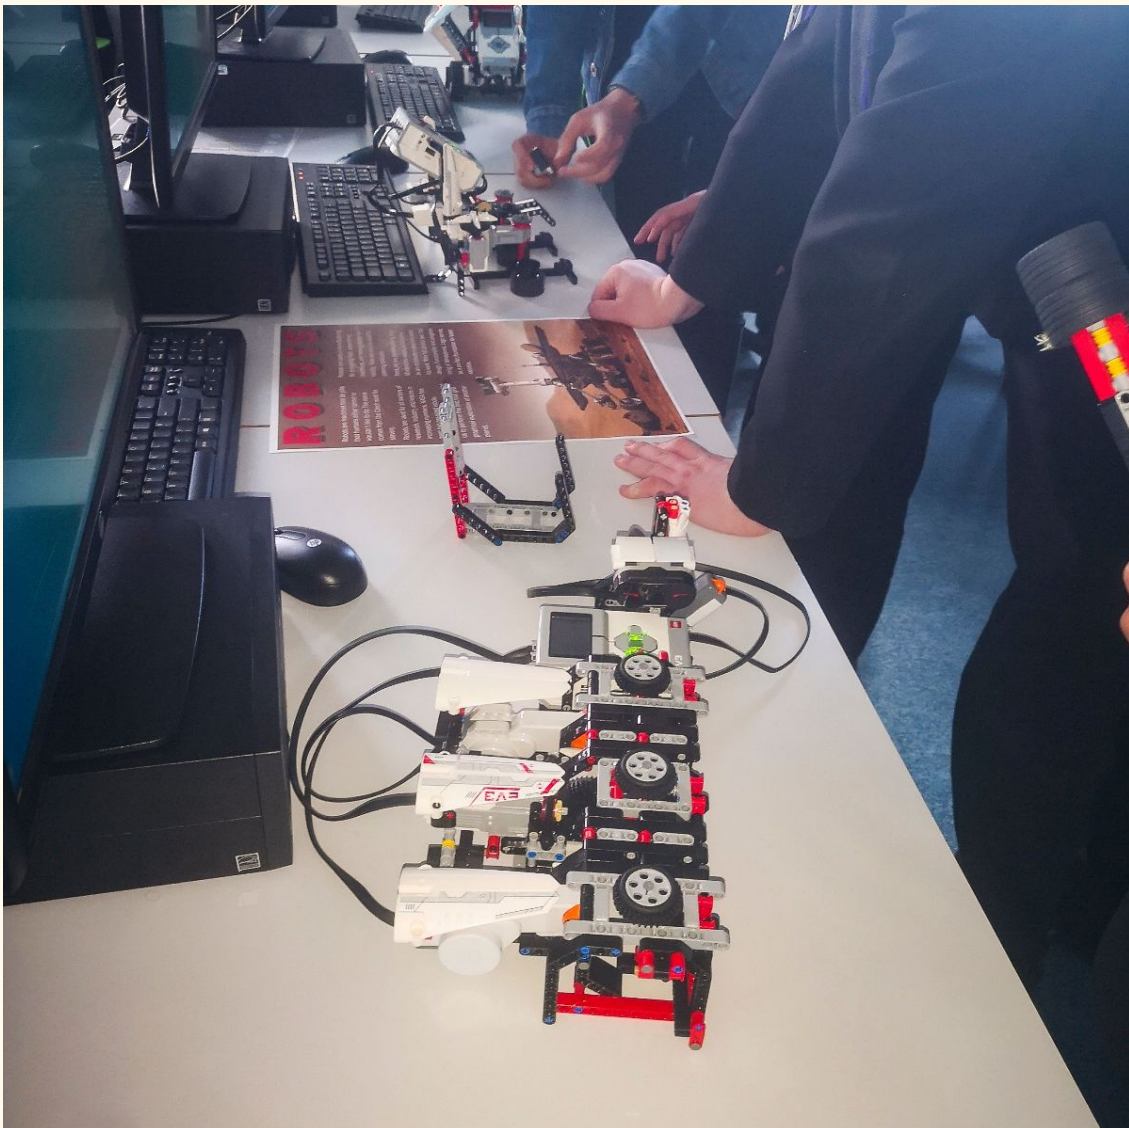

What have we been up to?

Open Event!

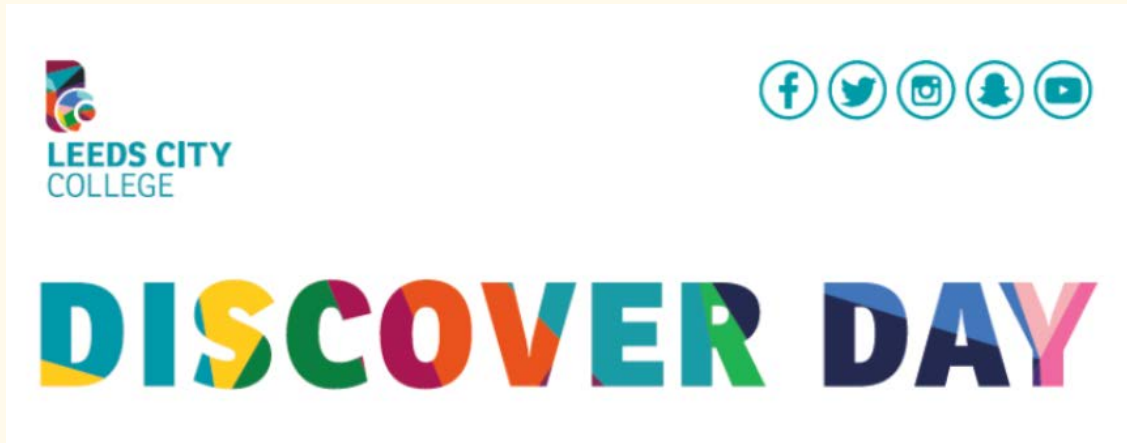

We had another successful open event where our college tutors had a great time speaking to prospective students about our range of courses. The event included musical performances, a student crime scene, flying drones, and even virtual reality.

Our next open event will be taking place on **Wednesday 22nd of May 4pm - 7pm!**

Leeds City Academy Taster Day

On 13 March we were visited by 84 year 8 students from Leeds City Academy. Students took part in a range of curriculum experience sessions and activities, from creating art-work to testing out robots and drones! Students described the day as "incredible", "amazing", "explorative", "fantastic", "unbelievable" and "interesting".

Discover Day

During the half-term holidays, we welcomed prospective students with their friends and family to Printworks Campus to get a feel for life at Leeds City College. They were able to enjoy a tour of the campus and take part in some fun activities including table tennis, boxing and even Crystal Maze games!

Moving On Support Exchange

We kicked off the Moving On project at the end of February with a great event at our Printworks Campus. Attended by careers advisers, careers leads and teachers, school staff were able to see what different providers in the region have to offer and what type of support they can give to students, especially those at risk of becoming not in education, employment, or training (NEET). Since the first one was such a success, we'll be putting on another event on 1 May at Elliott Hudson!

School Liaison Team Stories

"Helen and I delivered a transition talk at **Broomfield SILC school** and we had an amazing time! The students were extremely friendly and chatty. They all got involved in the session, asking lots of questions! We hope to visit again soon" **Teah**

"Tawanda and I visited Queensbury Academy for a careers fair and we were impressed by the politeness and the enthusiasm of the students. It was great to see year 7, 8 and 9 students planning their career paths at such a young age" **Stephen**

School Quote

"Once again, many thanks for your support with our whole-school careers fair on Friday 8th March, the feedback from students and staff about the event has been brilliant and it has created a real buzz around the school!" **The Ruth Gorse Academy**

Quarry Hill Campus

Introducing our brand new state-of-the-art Quarry Hill Campus, which will be the home of our School of Creative Arts, and School of Social Sciences

If you are unsure about who to contact about any of the above please email transitionteam@leedscitycollege.ac.uk

We look forward to another exciting term working with you all and appreciate your ongoing support!
