It's that time of year again!

As year 11s begin to think about applying for their post 16 options, the School Liaison team are on hand to deliver assembly presentations to make sure that students are making the right choice for them.

The team will let students know about our campuses and what courses can be studied based on their future career goals, as well as what can be expected of life as a college student.

Don't forget!

We can also tailor these presentations to younger audiences, as we believe in starting the career journey as early as possible!

To book an assembly, please email transitionteam@leeds.citycollege.ac.uk or get in touch with your School Liaison contact.
