## THANK YOU!

In this newsletter we're talking events, new starters and some exciting upcoming events: making way for an exciting 2020! We're starting another year on a high and that wouldn't be possible without the dedication and commitment from the schools and organisations we work with so, **THANK YOU!**

## OUR STORIES

**We've done everything last term, from personalised campus tours to careers fairs, to everything in between! Here are some of our favourites that we've been a part of...**

- **LEEDS CITY COLLEGE/LEEDS SIXTH FORM COLLEGE OPEN EVENTS-** These highly successful events throughout October to December saw hundreds of prospective students and their parents/guardians come through our doors. We had a free shuttle bus which allowed visitors to travel from one campus to another. The

hospitality students even treated us all to free roast beef sandwiches down at the Printworks Campus! Thanks to everyone that helped to make these events a success and came to visit us!

- **CAREERS & TEACHER EVENT** – Another of our events on **Thursday 21<sup>st</sup> November**, saw a mix of staff come to Quarry Hill Campus from a range of schools across the region. They were treated to a presentation from the School Liaison and Admissions teams, and then to a tour around Quarry Hill to see the brand new facilities. We also had lots of departments on hand to give information, including Apprenticeships, SENCO, and the University Centre, to show the guests the different support and routes that we provide. Thank you to all that made this event run smoothly!
- **ROUNDHAY TASTER DAY** – On **Tuesday 3<sup>rd</sup> December**, we had a group of Year 11 Roundhay School students come for a taster day at our Quarry Hill campus. The group was split into two and took part in taster sessions including Childcare, Health & Social Care and Games Design. The students enjoyed lunch, and then had a tour of the facilities. Jeffrey, (our therapy dog) even made a guest appearance to the delight of our visitors!
- **TEMPLE NEWSAM TOURS** – On **Monday 16<sup>th</sup> December**, Holly and Teah were able to show a small group of prospective students around our campus at Temple Newsam. The courses that are taught there are animal based studies, and are perfect for students who want to work with animals. We had a great time walking around the farm, and looking at the animals. We are able to arrange Temple Newsam tours so please get in touch if this is something that interests you or your young people!

**MEET THE TEAM.**

We have welcomed 2 new starters last term to the team- **Holly and Kapambwe**.

Holly has been working for the past 2 years as a School Liaison Officer at National Citizen Service (NCS) so has a great understanding of schools within Leeds, Bradford and Wakefield.

Kapambwe decided after university to work as a Teaching Assistant in a Leeds primary school: we're sure to be able to use her knowledge as we plan to work with more primary schools in the future!

Please be on the lookout for an email from Holly or Kapambwe. They will be getting in touch with their schools soon and can't wait to meet you!
