

School of Public Services

Are you ready to start your new course? Click on the link to find out more about the course you will be studying in the School of Public Services [Video](#)

Week 5

Hope you enjoyed last [week's session](#), hopefully this supported you to understand your own mental health and that of others. If you complete the Level 1 & 2 activity you should not be able to send a coded message!!

We are also running our first webinar session this week on Thursday 16th July at 4pm. Click on the link below and book your spot to register for the session.

Collaboration in the Public Services

So you have investigated some of the careers that you would like to join on completion of the course, this activity will investigate how some of those services work together. This activity will explore some of the incidents that have happened in the UK and how our Emergency Services reacted. Watch the videos and answer the questions, this is again something that will be used in your classes in September.

Click on the blue link above and make a copy by simply clicking 'file' and 'make a copy'. You all now have a college login by using your students number (B123456) and your date of birth as the password using the date, month and year. (01022020)

Competition Time

Following the terrorist attack in Manchester people started to display a bee, also known as the 'Manchester Worker Bee'. The bee denotes Mancunians' hard work ethic and the city being a hive of activity.

Task - Take a picture of an animal or insect that you think represents the people of Leeds. The best picture will be selected by the staff and prizes sent to you home address.
