Policy Aim

Harrogate College is committed to promoting the practice of equality and social mobility by ensuring student financial support funds are made available to assist disadvantaged students, and those who are facing financial hardship with course-related costs, in order to overcome barriers which may prevent them from taking part in or continuing in learning and accessing educational, and progression opportunities.

The college is also committed to promoting the safeguarding and welfare of young people and vulnerable adults, including providing targeted support to those who are most in need through the student funds specified, ensuring that students have access to opportunities and the support they require to continue in learning and progress.

1. POLICY STATEMENT

Harrogate College promotes equality, diversity, inclusion and social mobility by using student financial support funds to remove financial barriers to learning, which may prevent students from enrolling, fully participating, completing and progressing from courses. We recognise the positive impact of education on the lives of our students and promote the full participation in course related activities and college enrichment programmes.

2. POLICY AIMS

2.1. This policy seeks to ensure that:

- Student funds are distributed in accordance with the regulations and guidelines laid out by funding agencies;
- Administration of student financial support funds meet the needs of students and remove financial barriers to learning;
- Systems are in place to administer, record and monitor funds, ensuring that funds are used for their intended purposes.

3. INTRODUCTION AND OBJECTIVES

3.1. Harrogate College receives allocations of funding annually to provide financial support for Further Education students from Education and Skills Funding Agency (ESFA). Harrogate College administers the funds received from ESFA and distributes them to provide financial support in order to overcome barriers, which may prevent beneficiaries from taking part in or continuing in learning and accessing educational opportunities.

3.2. This policy covers the following student financial support funds, which are available to eligible students. Students who apply for any of the funds will be assessed individually and awarded support based on their individual financial need. Refer to Appendix 1 for details of the Awards.

3.2.1. 16-19 year old students (or with EHCP)

- 16-19 Discretionary Bursary;
- Free College Meals;
- Care to Learn;
- 16-18 Priority Fund.

3.2.2. 19+ (AEB) students

- 19+ (AEB) Discretionary Learner Support;
- 20+ Childcare (part of 19+ (AEB) Discretionary Learner Support);

3.2.3 Advanced Learner Loan students

- Access to HE students in receipt of an Advanced Learner Loan;
- Advanced Learner Loans students (non Access to HE);
- 20+ Childcare - (Advanced Learner Loans Bursary).

3.3. The purpose of the funds is to:

- Assist eligible students to take part in or continue in learning. Students in receipt of funds are encouraged, supported and expected to attend all of their classes

- (including attending English and mathematics);
- Support retention and progression enabling students to achieve qualifications and progress into further learning, work or apprenticeships.

4. MAIN ELIGIBILITY CRITERIA

4.1. The college provides two forms of financial support to students.

- 4.1.1 Harrogate College ESFA student funds will provide support for travel, childcare and meals in accordance with the terms set out in this policy;
- 4.1.2 Support for equipment, uniform, books, professional membership fees, educational, UCAS fees or employability related visits, enrichment activities and any other course-related costs may also be made available by curriculum departments. Refer to Departmental pages for details of the support available.

4.2. Students must satisfy **all** of the following criteria for access to Student Funds:

- A “home student” who meets the residency requirements;
- Meet the age requirements of the fund;
- Be enrolled on an approved Government funded programme (ESFA, European Social Fund (ESF), publicly funded, traineeship programme);
- Be on a full-time course and or substantial part-time course (5 hours and above including any mandatory placements);

Be in receipt of income assessed state benefits/ tax credits (including Universal Credits) or have an annual gross household income (based on income thresholds are for the 2020/2021 tax year, which runs from 6 April 2020 - 5 April 2021) of :

- £26,000 or below (19+, AEB);
- £22,000 and below (16-19); for household incomes between £22,001 and £26,000, travel help only;
- Free College Meal entitlement.

Exceptional circumstances will be considered individually based on information provided. No exceptional travel payments will be made by the Student Funds Team until a signed assessment has been submitted confirming eligibility.

4.3. The college reserves the right to apply discretion to ensure that individual students' needs and personal circumstances are taken into account when decisions are made.

4.4. Curriculum departments will publish a curriculum funds statement outlining support available for kit, equipment, uniform, visits and trips, UCAS fees or other course related costs for students in individual course areas. The curriculum funds have the same eligibility criteria as the main ESFA funds. Individual support for students will be supplemented with departmental resources.

Curriculum departments should use LSF/Bursary eligibility as an indicator when assessing student support needs.

The ESFA funding rules state that essential kit and equipment must be provided by

curriculum departments as part of the course offer.

4.5. In addition to the college administered funds, students can apply for Care to Learn (childcare costs for under 20 year olds) and the Priority Fund (weekly payments to bank accounts for students aged 16, 17 or 18 at the start of the course who are a child looked after by the Local Authority, or are Care Leavers, or are in receipt of Income Support or Employment Support Allowance and Personal Independence Allowance in their own right).

5. TERMS AND IMPLEMENTATION

Harrogate College strives to achieve the most effective use of ESFA funding to support the maximum number of eligible students. Students with an annual household income (based on income thresholds are for the 2020/2021 tax year, which runs from 6 April 2020 - 5 April 2021) of:

- £26,000 and below (19+, AEB);
- £22,000 and below (16-19); for household incomes between £22,001 and £26,000 travel help only;
- Free College Meal entitlement.

It is important for assessors to distinguish between Free College Meal entitlement and discretionary meal support. Refer to Appendix 1.1. for details of the income evidence required for Free College Meal entitlement.

5.1. Where a student is aged 19 or over on 31 August 2020 and is dependent on another adult in one household, awards may be made on a discretionary basis. Due to the limited nature of the fund, payments are not guaranteed but applications are welcomed. This fund provides help for students from low income households. Applications are income assessed, based on the supporting evidence submitted with the application. Refer to Appendix 1.2 for details of income levels and documents which are acceptable as proof of income and household circumstances.

5.2. Where a student is aged 23 or over, they will be assessed on their own income even if they are living within a household. Refer to Appendix 1.3 for details of income thresholds for Access to HE students with an Advanced Learner Loan and other Advanced Learner Loan students.

5.3. Applications are accepted in the online application system. In exceptional circumstances paper applications can be submitted.

5.4. The guiding principle for distributing the funds is to provide support in the form of goods or services including travel passes, food from college catering outlets, sanitary protection and childcare. These are the factors identified as barriers to learning by students. In some exceptional circumstances, such as a safeguarding risk, and at the college's discretion, students may be paid by BACS payment (money direct to students' bank account). There is a maximum limit to such payments. Refer to Appendix 1 for details.

5.5. The effective use of the funds will be monitored and evaluated through:

- Internal audit – annual;
- ESFA audit and annual returns;
- Student focus groups and feedback;
- Student survey;
- Effectiveness of forecasting and budgeting monitored in performance review;
- Feedback from and consultation with staff;

- Annual review of this policy.

- 5.6. An emergency fund will be made available to provide financial support to students who need short term help or face crises such as providing a student with bus pass to get home. In these exceptional cases the fund use will be recorded on student records, however depending on circumstances, a full application may not be deemed necessary or appropriate.
- 5.7. The college will ensure effective management and systems of financial control are in place, funds are used for intended purposes and compliance with the ESFA guidelines. A student will only be awarded student financial support funds if they have provided a completed application form and the required evidence that proves their eligibility for the relevant fund. Support will be provided from the date a fully completed application form and supporting evidence as required is received by the Student Financial Support team. Each application to the fund will be individually assessed. All assessors must complete the Student Financial Support training before carrying out assessments.
- 5.8. Eligibility for student financial support does not give students an automatic entitlement to receive it. Students will be made aware that funding is limited and offered on a first come first served basis and during the year if it is necessary to introduce an application deadline, the date will be published.
- 5.9. The college will promote financial support funds using a range of methods including via school liaison activities, college website, marketing material and internal communication with students. The College will make student financial support funds information accessible for students to clarify the eligibility criteria and the application processes to enable students to fulfil their responsibility regarding the collection, completion and return of application forms with the appropriate required evidence and documentation.
- 5.10. Students will be advised of the outcome of their application **within 12 working days**. The college will reserve the right to recover funds (where appropriate) including equipment and travel passes from any student who withdraws from college or those who made a false application. Students are expected, encouraged and supported to attend 100% of all their classes. This includes English and maths classes, work placement and any timetabled events. The college will monitor student attendance and attitude to learning and may make changes to the amount of financial support to ensure it is used effectively. A minimum attendance of 90% is expected to continue receiving support, however the college will apply discretion to promote retention and accommodate students' individual needs. Bursary funding should not be stopped if the learner is engaged, partially engaged in learning or is likely to reengage in learning. Coaching tutors should make a recommendation to the Student Funds team about individual students.
- 5.11. Eligibility for funds is determined by assessment of income against criteria outlined in the application procedure (refer to Appendix 1 for full details). College staff are trained to make assessments and sign the application form to indicate that evidence has been seen. The ESFA will carry out checks on student eligibility so it is vital that all assessments are correct and the evidence of income is correctly recorded.
- 5.12. The college will work with internal and external professionals to identify and support students who are eligible for the Priority Fund and Care to Learn, maximizing uptake of these. Children looked after are eligible for travel and meal awards in addition to the Priority Fund.

6. APPEALS

All awards are made in accordance with the terms of this policy. If a student disagrees with the award decision, the process to appeal this is:

- Students should discuss their application with their department's administrative staff and / or their coaching or personal tutor to understand why their application was unsuccessful.
- If a student feels an unfair decision has been made, they should state their reasons in writing to the Student Funds Manager, who will review the application.
- The final stage of appeal is in writing to the Director of Student Life who will make a final decision.

7. RESPONSIBILITY

The responsibility for this policy rests with the Head of Student Engagement and the Student Funds Manager is responsible for its implementation. Refer to Appendix 2 for details of the Policy Decision Making Framework.

ADDITIONAL NOTE IN RESPONSE TO COVID-19

We acknowledge that the college has responded to the impact of Covid-19 and college closure through a series of measures put in place. These include the issuing of supermarket vouchers in place of meal cards and curriculum driven applications for Hardship Fund.

Without certainty for the 2020/21 Academic year the policy will stand as written but with the note for a flexible approach and updating as is fit. Temporary arrangements may need to be considered including:

Travel - In the event that attendance is limited a decision to issue travel daily passes rather than annual passes will be taken.

Meals - Where students are eligible for meals and not able to be in college, supermarket vouchers to the value of £2 per day will be issued

Childcare - This will be reviewed in line with government guidance of lockdown measures.

Careful monitoring of budget will be conducted to allow for the diversion of funds where required.

APPENDIX 1

Appendix 1.1. 16-19 Discretionary Bursary and Free College Meals eligibility

16-19 Discretionary Bursary

To be eligible for the 16-19 Discretionary Bursary, students must:

- be aged 16 or over but under 19 at 31 August 2020;
- aged 19 or over if they are continuing on a study programme they began aged 16 to 18 ('19+ continuers') or have an Education, Health and Care Plan (EHCP).
- be a 19+ continuer, this must be the same programme they started before they turned 19), as long as their eligibility continues and their institution considers they need the support to continue their participation.
- on a course funded directly by ESFA or by ESFA via a local authority.
- on a course funded or co-financed by the European Social Fund.
- on a course otherwise publicly funded and lead to a qualification (up to and including level 3) accredited by Ofqual or on the ESFA list of qualifications approved for funding 14 to 19.
- on a 16 to 19 traineeship programme.
- meet the residency criteria in ESFA funding regulations for post-16 provision. This document also specifies the evidence institutions must see and retain for audit to confirm eligibility for post-16 funding.

When making decisions about awarding 16-19 Discretionary Bursary, we will take into account the availability of other financial support for learners. Awards can be made to students in the following circumstances (based on income thresholds are for the 2020/2021 tax year, which runs from 6 April 2020 - 5 April 2021):

- Students with a gross annual income of £17,004, based on the Social Mobility Commission's low pay threshold of £8.07 per hour in 2016 and on the assumption of a 37.5hr contract with paid statutory holiday entitlement) or less per year if a single person living independently.
- Students with an annual gross income of £7,400 or less per year if single, not living independently but within a household such as with parents, carers, relatives or friends.
- Students, who do not have their own income, must demonstrate how they are being financially supported. If they are living in a household, they are expected to provide evidence of the household income.
- If a student appears to be living on nil income, it is unlikely that they will be able to sustain themselves on the course. It is important that they seek advice about how they will support their day to day living costs while studying. It is beyond the scope of the fund to support students' living costs. When choosing to study, the individual needs to consider if they have made reasonable provision for their living costs, either through entitlement to benefits, employment or support from the household they are part of.

with 'take home pay' of £616.67 or less recorded on the statement (if the pay is above this amount on one statement, but will go down, an average can be calculated from future statements).

Please note that it is vital that assessors correctly record students who are eligible for Free College Meals and those who are eligible for discretionary meals.

All awards in the table below apply to eligible students aged 16-19:

Award	Details

The student's home address is used and <i>the shortest walking routes calculated on Google Maps.</i> ● If a First Bus pass is required, a student will be provided with smart code (electronic tickets) to ensure best value for money and efficient processes. No exceptional travel payments will be made unless a signed assessment has been submitted confirming eligibility with the supporting documents. Exceptional travel payments are capped at £750 p.a. <p>Payment for exceptional travel is by BACS up to a maximum of £750 and is at the discretion of the Student Funds Manager.</p>

Payment may be proportionate to the need or programme of study. Although a young person may be eligible for a bursary because they are in one or more of the defined vulnerable groups, their application may be rejected because they do not have any actual financial need. This might be because their financial needs are already met and/or because they have no relevant costs. Institutions can refuse a student's application on this basis. Similarly, students should only receive the amount they actually need to participate and not automatically receive £1,200 if they do not need the full amount. ● Payments are made on a weekly basis to student bank accounts by BACS. ● Additional evidence is required, for example, for students who are in care or a care leaver, written confirmation of their current or previous looked-after status from the relevant local authority is required. It is important that they seek advice about how they will support their day to day living costs while studying. It is beyond the scope of the fund to support students' living costs.
