

Motor Vehicle Service & Maintenance Technician - Light Vehicle Apprenticeship

Level 3

39 months

A motor vehicle technician services and repairs cars and vans, working in dealerships for specific manufacturers or in independent garages handling various makes and models.

Apprenticeship overview

Technicians need strong teamwork and customer service skills, and must understand commercial operations, including efficient and environmentally friendly practices. Their work involves everything from basic maintenance to diagnosing complex faults using advanced equipment. As vehicle technology evolves—especially with the rise of zero-emission vehicles—technicians must continuously develop their skills. This role is vital to the UK economy, with opportunities in businesses ranging from large dealerships to small independent garages.

Typical job roles

Automotive Technician, Car Maintenance Technician, Car Mechanic, EV Motor Vehicle Service Maintenance Technician, Hybrid Motor Vehicle Service And Maintenance Technician, Motor Vehicle Maintenance Technician
